21v power tool solar container lithium battery

Overview

What is a 21 volt lithium ion battery?

21 Volt Lithium Battery **Battery voltage:** 21v, **capacity:** 4000ah, **type:** lithium ion, made of 10 pcs quality lithium ion battery, 4 LED fuel gauge power display, battery light won't light up unless you will press the battery button, in order to reduce battery.

How do you store a 21v lithium ion battery?

Storage: For long-term storage, users should keep devices with 21V lithium-ion batteries in a cool, dry environment. Maintain a charge level of around 50% before storing the device to minimize battery depletion.

How long does a 21v lithium ion battery last?

Charging cycles: The typical number of charging cycles for 21V Lithium-Ion batteries is approximately 800-1000. Under certain situations, this might last three to five years. **Safety Precautions:** Ensure users wear insulated tools, avoid any flammable area, and work in a well-ventilated space.

How do I unlock a 21v battery?

Our 21v battery is very similar to another 21v battery, but the compatible tools and brands are different, please do not confuse and make a wrong purchase. Feel free to inquire to learn more. **Step 1:** Hold the machine firmly with one hand. Push down the battery unlock button located on the rear side of the battery with the other hand.
