**220v mobile outdoor solar
container battery with large
capacity**

Overview

With a lithium-ion battery capacity ranging from 380Wh to 2800Wh and pure sine wave output up to 1500W, it ensures efficient energy delivery and compatibility with AC/USB/DC devices. Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
