# **30kW Mobile Energy Storage Container for Mining**

## Overview

---

What is a 30kW power output & capacity?

**High Capacity:** The 30KW power output and 30KWH capacity deliver reliable energy storage and backup for businesses. This makes it an essential tool for battery energy storage solutions across various industries.

Where is harvested energy stored?

Harvested energy is stored in Lithium LiFePO4 battery banks with it's own programmed BMS (Battery Management System).

What makes ESS 30kW 30kW a good battery?

Advanced Lithium Battery Manufacturing for Efficiency Built with the latest in lithium battery manufacturing technology, the ESS 30KW 30KWH system is compact and highly efficient, providing a long lifecycle with minimal maintenance requirements.

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.
