40-foot Folding Container for Campsites

Overview

What is a 3 in1 expandable container house?

On the basis of the original container house, it expands the two sides, increases the space by three times, and is convenient to move and build. So it's also called 3 in1 expandable container house or butterfly container house. Different layout for choose Lounge room: Comfortable living area for your DIY.

What is an expandable container house?

The expandable container house is composed of a steel structure and sandwich panels. It includes bedrooms, a living room, dining area/kitchen and bathroom. The house comes equipped with full electrical wiring to many countries' standards, power points and a circuit board.

What can a container canopy shelter be used for?

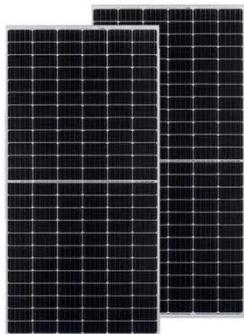

You may want to consider our container canopy shelters. Built using 610g/m² PVC fabric on a single truss steel frame, these shelters benefit from fire retardant properties and offer protection for your staff and vehicles that you have stored from the harmful effects of the sun's UV rays. There is no limit really to what they can be used for.

What are container canopies?

The Container Canopies creates a resilient storage space suitable for long-term outdoor applications. It's a breeze to install, whether you want it mounted on shipping containers, lego blocks, or other frameworks. For comprehensive protection, optional end panels are available, ensuring all-around coverage for your valuable items.
