

BLINK SOLAR

Angola 80W solar street light manufacturer

Overview

What is a solar street lamp?

An aesthetic Solar Street Lamp that hides PV on the pole, ideal for boulevards and business districts focused on environmental protection and way-finding. Solar-powered area lighting for plazas, ports and sports grounds; pairs with Solar Flood Light options for events and security.

Who is Inlux solar?

As a dedicated solar street light manufacturer, Inlux Solar provides OEM/ODM engineering, end-to-end quality control, and the documentation required for government tenders. Our team supports layouts and photometrics (IES/DIALux), wind-load and pole matching, and regional compliance.

How many solar street lights did Inlux solar provide?

Inlux Solar has proudly supplied over 2,500 sets of solar street lights for this project, which have been installed by the United Nations Development Programme (UNDP) in Benghazi, Ubari, Sebha, and Tawargha. Inlux Solar provided 4,200 sets to the United Nations Refugee Agency (UNHCR), which have been installed in 10 refugee settlements.

Where can solar streetlights be used?

Ideal where panel orientation is critical, these solar streetlights suit highways, coastal roads and parking lot upgrades, offering energy saving operation and easy maintenance. Compact, plug-and-play solar lighting systems with integrated PV, Solar Battery, and controller.
