# Asuncion solar Container BESS Company

## Overview

---

What are the benefits of a Bess container energy storage system?

It also includes automatic fire detection and alarm systems, ensuring safe and efficient energy management. The BESS Container 500kW 2MWh 40FT Energy Storage System Solution is a cutting-edge, highly integrated energy storage solution designed for large-scale applications.

What is a Bess container?

BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. BESS containers are designed for safety and scalability. Their ability to be stacked and combined allows for customization according to project size.

Why should you choose Bluesun energy storage container solutions?

The professional technical service team makes reasonable design according to the roof type of customers to ensure the efficient operation of customer projects. Bluesun provides 500 kwh to 2 mwh energy storage container solutions. Power up your business with reliable energy solutions.

What residential solutions does Bluesun offer?

Bluesun's professional residential solution mainly covers flat roofs and pitched roofs, with the operation modes of self-generating/consumption and surplus electricity to grid. The professional technical service team makes reasonable design according to the roof type of customers to ensure the efficient operation of customer projects.
