# **Battery energy storage box source factory in Ho Chi Minh Vietnam**

## Overview

---

Where are batteries made in Vietnam?

Ho Chi Minh City, the economic powerhouse of Vietnam, hosts numerous battery manufacturers, leveraging its strategic location for logistics and access to a skilled workforce. Hanoi, the capital city, is also a significant hub for battery production, benefiting from its central location and robust infrastructure.

Which city is best for battery manufacturing in Vietnam?

Ho Chi Minh City, commonly known as Saigon, stands out as a prominent center for battery manufacturing in Vietnam. Its vibrant industrial landscape and well-established infrastructure make it an ideal location for companies seeking to establish or expand their operations.

Can battery energy storage be commercially viable in Vietnam?

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and efficiency. It also seeks to help Vietnam meet its climate action targets.

Is Vietnam a good place to manufacture lithium-ion batteries?

Vietnam has emerged as a vibrant hub for battery manufacturing, particularly in the realm of lithium-ion batteries. With a focus on sustainable energy solutions and a favorable business environment, the country has attracted numerous manufacturers, establishing itself as a key player in the global battery market.
