Who makes EV batteries in 2025?

1. CATL (Contemporary Amperex Technology Co. Limited) CATL remains the world's leading EV battery manufacturer in 2025, holding a dominant market share thanks to its partnerships with giants like Tesla, BMW, and Hyundai.

How big is the EV battery market?

The EV battery market is experiencing unprecedented growth. In 2024, it was valued at approximately USD 67.51 billion and is projected to reach USD 405.3 billion by 2033, with a compound annual growth rate (CAGR) of 19.9% from 2025 to 2033.

How many Megapack batteries did Tesla make in 2025?

Tesla said its battery factory in Shanghai had produced more than 100 Megapacks in the first quarter of 2025. Tesla Inc. Megapack batteries at the Victorian Big Battery site operated by Neoen SA in Moorabool, Victoria, Australia, on Friday, Feb. 3, 2023.

Which EV battery companies are shaping the EV-powered future of Transportation?

According to Persistence Market Research, the global EV battery market is expected to witness a robust CAGR, positioning battery manufacturers at the epicenter of the green revolution. Let's dive into the companies shaping the battery-powered future of transportation.

1. CATL (Contemporary Amperex Technology Co. Limited)

## Battery pack large enterprises in 2025

---

### Top 10 Companies Dominating the EV Battery ...

In this comprehensive guide, we explore the top 10 companies leading the EV battery market in 2025, their strategies, technologies, and ...

---

### Leading Battery Pack Manufacturers in China: A 2025 Overview

Explore the top battery pack assemblers in China for 2025, including CATL and BYD, leading innovation in EVs and energy storage with cutting-edge solutions.

### Top 128 Startups, developing energy-efficient batteries 2025

EnergyX covers all aspects of the battery supply chain: from lithium extraction from brine, purification and manufacturing to the development of solid-state batteries with high ...

## 13 Largest Battery Manufacturers In The ...

We present the largest, most influential battery manufacturers, exploring their market positions & strategies that have enabled them to ...

## Lithium-Ion Battery Pack Prices for Grid Storage Drop 45% in

...

According to Sawyer Merritt, citing Renew Economy, lithium-ion battery pack prices for grid-scale storage have dropped by 45% over the past year, creating significant business ...

## Tesla to build China's largest grid-scale battery storage facility

Tesla has signed its first agreement to build a utility-scale battery storage facility in China, marking a major step in the company's global energy ambitions despite ongoing trade ...

## Top 10 Lithium Battery Manufacturers in China 2025

2025 China top 10 lithium battery manufacturers comparison. Production capacity, UN/IEC certifications, OEM services for EV and energy storage solutions.
