# **Cambodia s alternative solution for foldable container grid connection**

## Overview

---

Is Cambodia's first grid-forming Bess certified by TÜV SÜD?

Huawei Digital Power has successfully commissioned what it claims is Cambodia's first grid-forming BESS certified by TÜV SÜD.

Will Cambodia achieve 70% renewables by 2030?

Cambodia is targeting 70% renewables by 2030. Image: Huawei Digital Power. Huawei Digital Power has successfully commissioned what it claims is Cambodia's first grid-forming battery energy storage system (BESS) certified by TÜV SÜD.

Does Cambodia have a decarbonisation strategy?

Indeed, Cambodia received a 49% tariff on products, the highest of all countries in the region. Despite this, the country is continuing to press on with its decarbonisation journey and attracting international manufacturers to invest in its transition while also catering for the global market.
