

**BLINK SOLAR**

# **Can I bring an solar container outdoor power to Slovenia**

## Overview

---

Use ocean freight for big orders—40ft containers hold 780 panels. Air freight works for urgent shipments—fast but pricey. Pack panels with foam and crates. Follow rules—HS code 8541.40.60, IEC certs. What are the import & export restrictions in Slovenia?

Get import & export customs regulations, restricted items and food restrictions before travelling to Slovenia. Items allowed to import is Medicines for personal use. Prohibited items is Illicit drugs.

How to transport photovoltaic solar panels?

The transport of solar panels and all the components associated with this type of renewable energy can be done by road by truck or rail, by air or by container ship. What issues need to be considered when transporting photovoltaic solar panels?

Suitable packaging: The first step is to ensure proper packaging for the solar panels.

Are You complying with Slovenia customs regulations?

Check the information below to be sure that you are complying with Slovenia customs regulations. There are no limits on the amount of alcohol and tobacco a traveller can bring in within the EU. The goods must be for personal use or as a gift and they must have had duty and tax paid in the EU country where they were acquired.

What are Slovenia transit visa requirements?

For those transiting through other countries en route to Slovenia, understanding Slovenia Transit Visa requirements is crucial to ensure a smooth journey. Get import & export customs regulations, restricted items and food restrictions before travelling to Slovenia. Items allowed to import is Medicines for personal use.
