Overview

How much does a 40ft container cost?

A 40ft standard container from China to the US West Coast costs \$3,500–\$6,000. Shipping to the East Coast ranges from \$4,500–\$7,500. These rates include base ocean freight and surcharges but not destination charges, customs clearance, or inland transportation. High-demand periods can push rates 30%–50% higher.

How much does shipping container transport cost?

Shipping container transport costs range from \$1,500 to \$15,000 based on size, route, and market conditions. Fuel costs, route distance, container type, and demand affect prices the most. Asia to North America routes cost \$3,000–\$6,000 for a 20ft container. Book in February–March or September–October to save 10–25% of transport cost.

How do shipping container cost calculators work?

Online shipping container cost calculators like FreightWise help take the guesswork out of your logistics budget. Enter your origin and destination ports, container size, cargo type, and shipping date to get an accurate quote based on current market rates. These calculators also consider seasonal changes and apply appropriate surcharges.

How long does it take conexwest to deliver a container?

Conexwest, a leader in shipping and storage solutions based in Northern California, offers new, used, and refurbished containers from 10ft to 45ft, with fast delivery within 3–7 days and container fabrication options like adding shelves and locks.
