# **Eastern European Solar PV Module Companies**

## Overview

---

Who are the top European solar photovoltaic (PV) companies?

This report lists the top Europe Solar Photovoltaic (PV) companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Europe Solar Photovoltaic (PV) industry. Lightsource bp Renewable Energy Investments Limited.

How many solar PV modules are made in Europe?

Today, at least 38 European solar PV module production equipment manufacturers operate on the continent, in nine countries (DE, FR, IT, NL, CH, ES, HU, FI, NO). Most - 75% - are active in the cells and modules equipment manufacturing segment.

Where are solar PV module equipment manufacturers based?

Current solar PV module equipment producers are based across nine European countries (DE, FR, IT, NL, CH, ES, HU, FI, NO). The majority - 75% of European solar equipment manufacturers - are active in machinery for the cell and module segments.

Who are Europe's leading solar manufacturers?

In the following section, we provide an overview of 59 leading manufacturers, all of which are contributing significantly to Europe's renewable energy landscape. From established companies such as Primroot.com and HUAWEI to innovative newcomers, these manufacturers represent the cutting edge of solar technology.
