El Salvador Monomer Supercapacitor Manufacturer

Overview

Who makes electrical capacitors in El Salvador?

The manufacture of capacitors or chips is exclusive to the company Kyocera AVX. The company has been operating in El Salvador for more than 40 years and in 2023 was responsible for \$193.1 million exported in electrical capacitors. The factory has been located in the free zone of San Bartolo, Ilopango, since 1977.

What does a supercapacitor manufacturer do?

Manufactures capacitors with emphasis on supercapacitor technologies for electric applications. Manufacturing expertise ensures large production volumes to meet demand. Focus on R&D to enhance product efficiency and market adaptability. Contributes to the energy storage market with focus on supercapacitors and integrated solutions.

What is the global supercapacitor market?

Supercapacitors, also known as ultracapacitors, are becoming a critical component in modern energy storage solutions. According to Statistics MRC, the Global Supercapacitor Market is accounted for \$5.08 billion in 2024 and is expected to reach \$11.16 billion by 2030 growing at a CAGR of 14.0% during the forecast period.

What is a compact supercapacitor?

Compact supercapacitor designs cater to niche markets with specific needs. Focus on miniaturization of supercapacitors for electronic devices and wearables. Engages in diverse technological solutions, including advanced energy storage products. Integrates supercapacitor technology into solar energy systems, improving energy efficiency.
