Factory price 240 amp breaker in Sydney

Overview

How much does a 240V circuit breaker cost?

A 240V circuit breaker, for example, can cost between \$10 and \$250. Factors that can contribute to the expense of installing a new circuit breaker include extensive drywall demolition and restoration, or running the wire up through multiple stories. The estimated cost for installing a dedicated circuit ranges from \$250 to \$900.

Are circuit breakers safe in Australia?

Yes, all our circuit breakers comply with Australian standards, including AS/NZS 3000:2018, ensuring they meet the necessary safety and performance requirements for electrical installations in Australia. Can I use these circuit breakers in a caravan or RV?

Absolutely.

How much does rewiring a circuit breaker cost?

The cost of rewiring a circuit breaker depends on factors such as wiring type, length, and any necessary wall and drywall repair, ranging from \$150 to \$1,000+. The primary function of circuit breakers is to protect your electrical system from damage caused by overcurrent, short circuits, or ground faults.

Who makes Rs circuit breaker accessories?

RS is a globally recognised and trusted supplier, distributor, and manufacturer of industrial circuit breakers and circuit breaker accessories. In addition to our own RS PRO line, we carry a wide range of types from top brands, such as MCCBs from Siemens, MCBs from Schneider Electric and even electronic circuit breakers from ABB.
