# **How much does it cost to charge a container solar in Damascus**

## Overview

---

How much does a 40ft container cost?

Drewry's World Container Index puts the global average price of shipping a 40ft container at \$1,859 (USD) for 13 November, 2025. Between now and the end of the year, container shipping prices will likely remain soft particularly if the current ceasefire between Israel and Palestine enables more shipping traffic to flow through the Suez canal.

How to choose the right shipping method for solar panels?

The freight forwarder needs to ensure that the packaging material is suitable for the specific type and size of the panel. Shipping method: Choosing the right shipping method (air, sea or rail) is a critical decision that affects the cost and safety of shipping solar panels. Each mode has its advantages and challenges.
