Huawei Malaysia New Energy Storage Project

Overview

Who are solarvest & Huawei Technologies (Malaysia)?

KUALA LUMPUR: Solarvest Holdings Bhd and Huawei Technologies (Malaysia) Sdn Bhd have joined forces to advance Malaysia's digital power and renewable energy (RE) sector.

Are solarvest & Huawei working together to create a sustainable world?

KUALA LUMPUR, DECEMBER 10 2024 – With renewable energy as the direction towards a sustainable world as well as the nation's carbon emission goals, Solarvest Holdings Berhad and Huawei Technologies (Malaysia) Sdn Bhd (Huawei Malaysia) are set to work together to set new benchmarks in Malaysia's digital power and renewable energy landscape.

What is Huawei & solarvest partnership?

The partnership will concentrate on three key areas: Integrating Huawei's smart PV technologies into Solarvest's ongoing and future renewable energy projects. Deploying solar-plus-battery energy storage systems (BESS) to enhance Malaysia's energy resilience and stability.

What will Huawei Malaysia do?

The third focus area of the collaboration is the joint cultivation of local talent in green energy technologies. Huawei Malaysia will play a key role in providing training in solar PV systems, battery storage, and electric vehicle (EV) charging technologies.
