# **Ireland Solar Storage Container 20ft**

## Overview

---

What storage containers are available in Europe?

From a material store on the construction site to additional storage space in the plant, CONTAINEX storage containers are very popular throughout Europe. See for yourself! 20-foot cabins and containers for sale or rent can be perfectly adapted to your needs with the help of numerous interior and exterior equipment options.

What are the dimensions of a 20 ft container?

A standard 20-foot cabin or container has external dimensions of 6,055 × 2,435 × 2,591 mm (L × W × H). The internal dimensions of 20-foot cabins and containers (L x W x H) are 5,860 x 2,240 x 2,340 mm. The CONTAINEX portable office containers and sanitary cabins are also available in alternative heights if required. How heavy is a 20ft container?

How much does a 20ft container weigh?

Depending on the type of container, a 20ft container weighs between 1,270 and 2,350 kg, and the specific weight also depends on the particular design and specification. Here are the specific details for the different and most popular cabin/container types: How is my cabin/container delivered?

Where can I find used containers?

At CONTAINEX you will find a wide range of used containers as well as new ones. These used 20-foot cabins and containers are subjected to a comprehensive quality check and have been specifically prepared for further use. This means that you can save costs without risking a loss in quality.
