

BLINK SOLAR

**Latvian company with the
largest energy storage export**

Overview

Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

What is the main source of renewable electricity in Latvia?

Hydroelectric power is the main source of renewable electricity in Latvia, followed by solar, wind and biomass cogeneration plants. In 2024, solar power in Latvia grew over 3.1 times to 6.7% of total electricity, becoming the third-largest source, while wind reached a record 38 GWh and hydropower, despite a 16% drop, still provided 54%.

Who is responsible for the energy transition in Latvia?

Local authorities are responsible for municipal energy supply and renewable energy projects, with Latvia's energy transition guided by the National Energy and Climate Plan and the Energy Strategy 2050.

What is Latvia's Energy Strategy 2050?

Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments planned in wind, solar, biomass, and biogas, as well as in energy storage technologies like batteries and subsurface systems to ensure supply stability .

Latvian company with the largest energy storage export

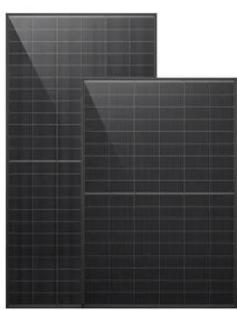

Latvia's largest battery energy storage system unveiled

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The ...

Hoymiles powers Latvia's largest energy storage project

Hoymiles has announced the completion of Latvia's first major energy storage facility, in which it has played a pivotal role. The T?rgale wind park, managed by Utilitas, the ...

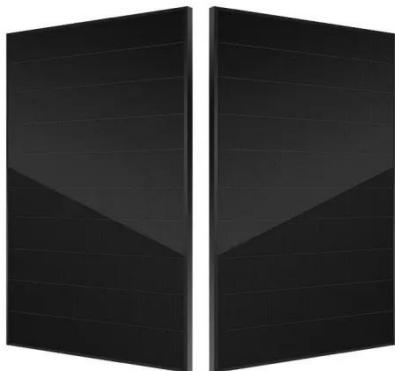

Rolls-Royce supplies mtu large-scale battery storage to ...

The facility for Latvia will be our largest battery storage system to date," explained Dr. J?rg Stratmann, CEO of Rolls-Royce Power Systems. Rolls-Royce will supply an mtu ...

Latvia's path to energy transition: Expanding ...

In Latvia, renewable energy sources account for a significant portion of the country's electricity generation, with a target of 57% by ...

Energy Storage Container Production in Latvia: Powering the ...

The Latvian Energy Puzzle: Why Storage Containers Matter Now Latvia's renewable energy capacity grew by 18% last quarter, but here's the kicker - nearly 30% of that potential gets ...

Latvia's largest battery energy storage system ...

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a ...

Large-scale battery storage for a stable Latvian power grid

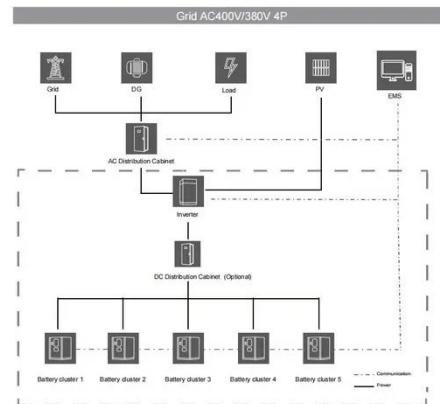

Rolls-Royce has received an order from

the Latvian transmission system operator Augstsrieguma tikls (AST) to supply a large-scale mtu battery storage system to secure the ...

Major energy storage system installed in western Latvia

RIGA, Nov. 1 (Xinhua) -- Renewable energy company Utilitas Wind on Friday inaugurated the largest battery energy storage system (BESS) in Latvia to date, local media ...

Latvia's path to energy transition: Expanding renewable energy ...

In Latvia, renewable energy sources account for a significant portion of the country's electricity generation, with a target of 57% by 2030 [1]. Hydroelectric power is the ...

Latvenergo plans 250 MW of energy storage by 2030

Latvian state-owned utility Latvenergo

AS has decided to invest in a new business area in its portfolio with plans to install 250 MW/500 MWh of battery energy storage capacity ...

Hoymiles powers Latvia's largest energy ...

Hoymiles has announced the completion of Latvia's first major energy storage facility, in which it has played a pivotal role. The T?rgale ...

Latvenergo invests heavily in battery systems, plans to ...

A growing demand in the energy market for battery energy storage system (BESS) technologies is developing currently, and the trend is expected to remain stable in the future. ...

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

T?rgale, Latvia -- On Novem, T?rgale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology ...
