# **Liechtenstein Communications 5G Base Station Construction 2025**

## Overview

---

Will Telecom Liechtenstein expand its 5G network in 2023?

Telecom Liechtenstein received approval to expand its 5G network the Principality of Liechtenstein in January 2023 by acquiring the rights to use frequencies through reallocation. TLI will expand its 4G/LTE network capacity and introduce 5G, the most powerful mobile communications standard currently available, to FL1 customers by mid-2023.

How big is the 5G base station market?

The 5G Base Station Market size was valued at USD 28.92 Billion in 2024 and the total 5G Base Station revenue is expected to grow at a CAGR of 37.2% from 2025 to 2032, reaching nearly USD 363.13 Billion. The global 5G Base Station market report is a comprehensive analysis of the industry, market, and key players.

Will there be a 5G commercial announcement in Liechtenstein?

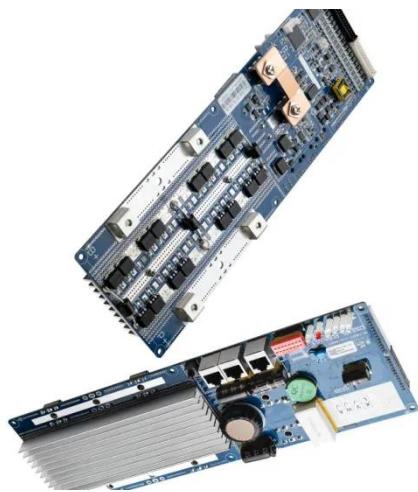

However, despite the changes in the telecom structures and other 5G developments by Swisscom in Switzerland, there have been no major 5G-related commercial announcements in Liechtenstein as of October 2020.

Does Liechtenstein have a 5G country profile?

Moreover, important feedback has been provided to this report by the Office for Communications of Liechtenstein. The country profile was prepared as the background contribution to the ITU Regional Forum for Europe on 5G strategies, policies and implementation. All rights reserved.
