

BLINK SOLAR

Madrid energy storage inverter manufacturer

Overview

Will Madrid become a central base for energy storage systems?

"Our strategy is very clear: to turn Madrid into our central base for energy storage systems. From there, we'll provide agile and specialized support to clients across Europe and Latin America," Gattoni explained.

Will Spain reach 81% renewable electricity generation by 2030?

Spain's Renewable Energy Vision and the Role of C&I Projects Spain has set an ambitious target of reaching 81% renewable electricity generation by 2030, as outlined in its National Energy and Climate Plan (PNIEC)1.

Where is energy storage located?

Energy Storage, located on the coast of the East China Sea known for its reputation as a "natural oxygen bar" in Ninghai, is a high-tech enterprise integrating R&D, production, sales, and service.
