# **Manila solar Energy Storage Project**

## Overview

---

Where in the Philippines will a solar power plant be located?

The project, which is strategically located on the Philippines' main island of Luzon, about 100km from Manila, will combine 3.5GWp of solar PV capacity with 4.5GWh of battery energy storage system (BESS).

Who owns Terra Solar Philippines?

UK investment firm Actis has finalised its investment in Terra Solar Philippines Inc, thus taking an equity stake in a GW-scale solar and energy storage project in a deal worth USD 600 million (EUR 550.5m). Image by: Actis. The transaction was sealed with MGEN Renewable Energy Inc, a unit of Manila Electric Company (PSE:MER), or Meralco.

Where is Terra solar located in the Philippines?

Located on the Philippines' main island of Luzon, some 100km from Manila, The Terra Solar project is in the latter stages of development. It will combine 3.5GWp of solar PV capacity with 4.5GWh of battery energy storage system (BESS).

Who owns a 40% stake in Solar Philippines?

The agreement was signed between Actis, Manila Electric Co. (Meralco) and its subsidiary, Solar Philippines New Energy Corp. (SPNEC), which holds a majority stake in the project. According to local reports, Actis has invested \$600 million for a 40% stake in the project.
