## Overview

---

What is a curtain wall in the Philippines?

Curtain walls are one of the most popular architectural features in the Philippines. These exterior building envelopes are made up of vertical and horizontal framing, which supports infill panels, such as glass or metal, to create a curtain-like appearance.

How much does a curtain wall cost in the Philippines?

The cost of a curtain wall in the Philippines varies depending on the factors mentioned above. Generally, the price range for a standard curtain wall is between PHP 10,000 to PHP 15,000 per square meter. However, this price can increase to PHP 20,000 or more per square meter for more complex designs, taller buildings, and premium materials.

How much does a glass door cost in the Philippines?
