

BLINK SOLAR

Mozambique Solar Container Earthquake-Resistant Financing

easy to install and use

World wide Products

faster charging and discharging

Multiple protection with alarm systems

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO₄

Overview

What is get fit Mozambique – solar PV + Bess tender?

Currently, the first two tender windows are in preparation: GET FiT Mozambique – Solar PV + BESS tender facilitates investments in grid-connected Solar PV IPP Projects with energy storage. EDM acts as the IPP's counterpart in Power Purchase Agreements (PPA) and energy off-take.

What is get fit Mozambique – mini-grids?

GET FiT Mozambique – Mini-grids promotes private sector involvement in constructing and operating mini-grids powered by renewable sources. The goal is to develop 3 MW of installed capacity through 10 to 16 projects. Sites will be selected in collaboration with FUNAE and ARENE. Hosted by: Supported by:.

What is get fit Mozambique?

After its successful pilot in Uganda and expansion to Zambia, GET FiT Mozambique launched in 2022, backed by the German Government through KfW. It aims to bolster institutional capacity and enhance the investment framework for renewable energy. Currently, the first two tender windows are in preparation:
