Overview

Who is Bahamas solar?

At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations. Serving all The Bahamas, from Nassau to the out islands. We offer customized solutions tailored to your specific needs. The first step to going solar is a site assessment.

Who is Island Solar?

Island Solar is a company based in Nassau, Bahamas that specializes in installing solar electric (photovoltaic) systems. They focus on commercial systems ranging from 50 kW to multi-megawatt utility scale systems, ensuring safety, high quality, and code compliance.

What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

What is the Bahamas national energy policy?

The latest release of The Bahamas National Energy Policy documents the country's plans to implement renewable energy generation. This will introduce net-metering, which is the recording of energy flows in both directions. As the Bahamas has close to six daily peak sun hours. Solar Power can offset a significant part of your power bill.
