Netherlands environmentally friendly container wholesale

Overview

What are eco-friendly containers?

Eco-friendly containers are designed to store, transport, and sell a product through sustainable packaging. Some of the wholesale containers are made with either recyclable plastic, biodegradable materials, or tin.

Who is containerplus?

ContainerPLUS+ is a reliable partner with more than 40 years' experience in the container industry and is specialized in the supply of new and special containers. Through our long term contacts with both our clients and suppliers ContainerPLUS+ permanently looks for productimprovement and innovation.

What are the different types of eco-friendly wholesale containers?

Here is a closer look at the different types of eco-friendly wholesale containers available. Our tin containers are 100% recyclable and are built strong with sleek designs. Tin wholesale containers with lids have the advantage of being more resilient than plastic and paper cartons and more shatter-resistant than glass.

How can eco-friendly container packaging help your business?

One way your company can retain customers and attract new ones is with eco-friendly containers. Eco-friendly container packaging from Green Earth is just one of the many different ways you can create and maintain a cycle of sustainability in your industry.
