New Delhi solar power generation and energy storage unit price

Overview

How much does a solar panel cost in Delhi?

Without subsidies, the solar panel price in Delhi varies depending on the capacity, quality, and brand of the panels. Typically, the price of a solar panel system ranges between ₹75,000 to ₹85,000 per kilowatt (kW), excluding installation charges.

Can Delhi residents install solar panels at a reduced cost?

With generous subsidies and incentives, Delhi residents can install solar panels at a reduced cost while benefiting from long-term energy savings. This guide provides a detailed breakdown of the latest solar system prices, subsidy structures, and installation processes for 2025.

How to make solar energy affordable in Delhi?

To make solar energy affordable, the Government of India offers subsidies through the National Portal for Rooftop Solar. These subsidies significantly reduce the solar panel installation cost in Delhi, making solar energy an attractive investment. Subsidy Structure for Rooftop Solar Installations Who Can Apply for a Solar Subsidy?

.

How a solar panel subsidy works in Delhi?

When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable. In addition to these subsidies, homeowners can take advantage of net metering, a system where surplus energy produced by the solar panels can be sent back to the grid, further reducing energy bills.
