# **New solar container outdoor power in Manchester UK**

## Overview

---

Is the University of Manchester's New solar power agreement a landmark moment?

Professor Nalin Thakkar, Vice-President for Social Responsibility at The University of Manchester, said: "The University's new long-term solar power agreement is a landmark moment in our journey to zero carbon.

Who is the UK's largest buyer of renewable electricity?

EDF, Britain's largest buyer of renewable electricity, is playing a key role in delivering and running the agreement that enables renewable electricity from Enviromena to power The University of Manchester.

What is the UK's largest solar CPPA?

Developed in partnership with leading UK clean energy firm Enviromena, the project is part of a 10-year Corporate Power Purchase Agreement (CPPA), facilitated by EDF and supported by Inspired PLC, the UK's leading energy and sustainability advisor. It is the UK's largest solar CPPA with an educational institution.

Will Oldham's solar farm be sold to a company?

The electricity will initially be sold to a power company, the council have confirmed. The solar farm is the first major clean energy generation project to be constructed as part of Oldham's Green New Deal programme, and the project aims to both reduce the Council's carbon footprint and improve the site in terms of ecology.
