# **Nigeria Foldable Container Fixed Type**

## Overview

---

What are container use areas?

Some of the container usage areas are as follows. They can be used as container house, summer house, winter house, vineyard and highland house for the lands. Also modular container buildings can be used in container villa design and production for more luxurious living spaces.

What are office container structures?

Office container structures are also preferred as ticket sales kiosks, bread sales kiosks, security cabinets, management offices, taxi station structures or commercial container buildings with the advantages they have in many areas such as mukhtar structures.

What are the different types of container structures?

They can serve as container dormitory, worker dormitory, dining hall container, construction site dining hall, staff dining hall, and also as mobile toilets and showers container too. In addition, container structures can be used for basic need areas.

What is a sanitary container?

Specializing in temporary and permanent structures, we bring your idea to life. Sanitary containers (Wc containers and Shower containers) are sandwich panel modules used in all construction sites and especially in the living bases of companies operating in the construction and mining sectors.
