

**BLINK SOLAR**

# **Phnom Penh solar solar container battery**

## Overview

---

Who sells batteries in Cambodia?

We have sold thousands of batteries to individual customers and telecom companies throughout Cambodia. Khmer Solar is a regional distributor for Narada Power Source, the third largest energy storage company in the world, with millions of batteries installed around the globe.

Is solar power a solution to Cambodia's energy needs?

Cambodia is undergoing a transformative shift toward renewable energy, with solar power emerging as a crucial solution to the country's growing energy demands.

What are the key solar projects in Cambodia?

Key solar projects include: Bavet Solar Power Plant (60 MW) —Cambodia's first large-scale solar farm. Kampong Chhnang Solar Farm (100 MW) —A major investment in clean energy. Floating Solar Plant in Pursat —The country's first floating solar project, enhancing land-use efficiency.

What technologies are enhancing Cambodia's solar industry?

Emerging technologies are enhancing Cambodia's solar industry: Bifacial Solar Panels: Generate electricity from both sides, increasing efficiency. Perovskite Solar Cells: Offer higher energy conversion rates than traditional panels. Battery Storage Systems: Improve energy reliability by storing excess power for later use.
