

Portable power station 6000w in Mauritania

Overview

Why should you buy a PowerMax 6000?

Whether you're preparing for outages, powering an RV or camper, or setting up a remote worksite, the PowerMax 6000 provides unmatched output, ultra-fast charging, and reliable off-grid operation through solar or AC input. Run high-consumption devices for extended periods—ideal for refrigerators, freezers, medical equipment, or power tools.

How much power does a 3600 watt power station provide?

Built for performance, safety, and flexibility, this 3600Wh power station delivers up to 6000W of continuous AC power (9000W surge) across both 120V and 240V outputs—perfect for heavy-duty appliances, electric vehicles, jobsite tools, and entire home backup systems.

What is industrial-grade power delivery?

Industrial-grade power delivery supports simultaneous operation of large 120V and 240V appliances, including well pumps, HVAC units, ovens, or EV chargers. Use for both residential and industrial applications—power sensitive electronics and heavy-duty machinery from one device.
