Portable solar container battery in Auckland New Zealand

Overview

Are solar batteries a good choice for NZ conditions?

Our Solar Batteries are proven energy storage solutions for NZ conditions. Founded in 2009 Pylontech are at the top of the battery industry and are commonly rated by industry experts as one of the best 3 manufacturers in the world of lithium batteries.

What is solar battery storage?

With a solar battery storage system, either hybrid or off-grid, you can save the energy you generate to use later when the sun isn't shining. We install a range of high quality solar batteries from brands such as Dyness, Pylontech, Sigen and Sungrow. Learn more below or get in touch for a free consultation and quote. Why use Solar Battery Storage?

.

Who can use our rentable battery storage containers?

Private individuals and businesses can use our rentable battery storage containers in any setting where they can physically be installed. Benefits include: Energy independence: break free from the grid and power your home or workplace with clean, reliable energy that you control.

What is containerised battery storage?

A long-term solution: our containerised battery storage solutions are built to last for decades. Your system's precious lithium-ion core is housed in an incredibly tough shipping-grade container. Battery storage from solar panels, wind turbines or water sources can give you the independence you need.
