How much does a shipping container cost in 2024?

Let's get into the shipping container market prices for 2024. The prices show substantial variations that depend on container conditions and locations. The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500.

Are new shipping containers more expensive than used?

New containers are typically more expensive as they are in perfect condition and ready for long-term use. Used containers are less costly but have some wear and tear.
