# **Qatar computer room uses UPS uninterruptible power supply**

## Overview

---

What is uninterrupted power supply (UPS)?

QSP's Uninterruptible Power Supply (UPS) helps your enterprise enjoy uninterrupted power supply in instances of power cuts, a complete outage, or mains failure. In today's world where continuous power supply is vital for the successful functioning of any organization.

Where are UPS systems made?

Made in Italy / China depending on the model and application. Single-phase and three-phase UPS from 400 VA to 6.4 MVA, for applications ranging from home offices to large industrial plants to data centers. (UPS) battery back-up systems. Computer Support Systems (CSS) was established in 1989. It is a 100% Qatari-owned company.

What is a Desktop/Workstation UPS?

A Desktop/Workstation UPS is a newly customized power supply built ideally for PCs and highly sensitive electronic equipment. It offers remarkable reliability and flexibility.

What is a rack-mount UPS system?

A rack-mount UPS system is an uninterruptible power supply designed to be mounted in a rack, providing remarkable reliability and flexibility for networks and electronics. These systems are ideal for protecting network servers, bridges, hubs, routers, storage devices, and critical workstations.
