Samoa Special Solar Light

Overview

Who installed solar street lights in Samoa?

Installation of Solar Lights The Impress Project through the Renewable Energy Division distributed and installed solar street lights for selected community groups and schools. Samoa's first NDC focuses primarily on reducing emissions from the energy Sector.

What does red do for Samoa?

In addition, RED follows the directives outlined in Samoa's Low Carbon Development Strategy, NDC Roadmap, and Investment Plan. These strategic documents serve as roadmaps, guiding RED's efforts towards achieving ambitious targets, including the goal of attaining 70% renewable energy use by 2031, as set forth in the Pathway Development for Samoa.

What is Samoa's first NDC?

Samoa's first NDC focuses primarily on reducing emissions from the energy Sector. Our goal was to reduce greenhouse gas emissions from the Electricity sub-sector through the generation through to the year 2025.
