San Diego Solar Container 500kW

Overview

What is A 500KW Megatron battery storage system?

500kW MEGATRON - 20 foot Containerized Commercial Battery Energy Storage System designed to for On-Grid and Renewable Energy Projects.

What is the best energy storage system solution?

With its robust features and exceptional scalability, the BESS Container 500kW 2MWh 40FT Energy Storage System Solution is the ideal choice for secure, efficient, and large-scale energy management. Email us with any questions or inquiries or use our contact data. We would be happy to answer your questions.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
