Seychelles exports energy storage products

Overview

What products are exported from Seychelles?

Seychelles' top 3 most valuable exported products are preserved or prepared fish including caviar, processed petroleum oils and iron or steel scrap. Collectively, that trio of major exports represents 88.7% of the overall value of goods exported from Seychelles during 2023.

Which oil & gas companies are active in the Seychelles?

Several oil and gas exploration companies are active in the Seychelles offshore. These include East African Exploration (EAX) (a subsidiary of Afren), Avana Petroleum (a subsidiary of Vanoil Energy) and WHL Energy.

Why are Seychelles exports so expensive?

Seychelles' stronger local currency compared to 2019 makes its exports paid for in weaker US dollars relatively more expensive for international buyers. Seychelles' top 3 most valuable exported products are preserved or prepared fish including caviar, processed petroleum oils and iron or steel scrap.

What does Seychelles import and export data include?

Seychelles' main imports are petroleum products (25 percent of total exports), machinery (24 percent) and manufactured goods (24 percent). Its main import partners are Saudi Arabia, South Africa, France and Spain.
