Solar System Customs Declaration HS

Overview

What is the HS code for a solar photovoltaic power generation system?

The HS code of a solar photovoltaic power generation system is 8541.40. This code pertains specifically to “photovoltaic cells, whether or not assembled in modules or made up into panels,” under the broader category of electrical machinery and equipment. 1. This classification enables accurate international trade and tariff application, 2.

What is customs duty on solar panels?

According to TARIC, customs duty for photosensitive semiconductor devices, including photovoltaic cells whether or not assembled in modules or made up into panels; light-emitting diodes, code 8541409000, is 0%. In the HTS tariff system, the duty for solar cells assembled into modules or made up into panels (code 8541.40.60.15) is also 0%.

Can a photovoltaic cell be used for an export declaration?

Can be used for an export declaration. Photovoltaic cells assembled in modules or made up into panels; Examples: - Photovoltaic cells assembled in modules (10 kg, 1.5 m x 1 m) - .

What are HS codes?

HS codes are internationally recognized numerical classification codes that categorize goods based on their characteristics and functions. Each item has a distinct code, ranging typically from six to ten digits, allowing customs and trade authorities to easily identify products during the shipping process.

Solar System Customs Declaration HS

HS code 8541402000 of China Tariff tax rates,import duty of HS ...

Transcustoms provide China 8541402000 Tariff tax rates import duty lookup,HS code search,GB standards,CIQ inspection Quarantine standards query service

What is the HS code of the solar photovoltaic power generation system

The HS code of a solar photovoltaic power generation system is 8541.40. This code pertains specifically to "photovoltaic cells, whether or not assembled in modules or made ...

Navigating Photovoltaic Export Codes: A 2025 Trade ...

Decoding HS Codes for Solar Exports
Ever tried explaining photovoltaic panel classifications to customs officials? It's like teaching quantum physics to a golden retriever - absolutely essential ...

What is the HS code of the solar photovoltaic ...

The HS code of a solar photovoltaic power generation system is 8541.40. This code pertains specifically to "photovoltaic cells, whether ...

LPSB48V400H
48V or 51.2V

Interpretation of 2025 Customs Declaration New Regulations

Abstract The global customs system is undergoing significant reforms in 2025, with the implementation of the new World Customs Organization (WCO) Harmonized System 2025 ...

Photovoltaic panels - transportation and customs duties

Customs duty on solar panels Payment of customs duties is one of the importer's many obligations. Customs codes and tariff rates can be found in the tariff systems - TARIC ...

solar-system

Latest China HS Code & tariff for solar-

system - Tariff & duty, regulations & restrictions, landed cost calculator, customs data for solar-system in ETCN. China customs statistics trade data.

Photovoltaic Components Export Guide: HS Codes, Declaration ...

Comprehensive overview of PV components exports, covering HS classification (8541430000 for assembled modules), declaration requirements, international FTA benefits ...

ESS

Complete solar system HS Code for Export & Import

HS Code used for Complete solar system - Import HS Codes for imported Complete solar system classify products in international trade, ensuring smooth customs clearance and accurate duty ...
