## Overview

What is a solar AC system?

Most solar AC systems are hybrid, meaning they use traditional electricity sources in addition to solar power. Hybrid systems are more popular in very hot environments where it's necessary to run the AC at night (when there's no sun) to keep comfortable. For complete off-the-grid air conditioning, there are solar-only systems.

How does a solar AC work?

In simple terms, solar ACs use solar panels to power the air conditioning system. Solar panels collect energy from the sun. They convert this energy into power. That power either goes directly to the air conditioner or to a battery where it's stored until the AC needs it.

Are solar-powered air conditioners a viable alternative to traditional cooling methods?

As the demand for sustainable energy solutions grows, solar-powered air conditioning systems are emerging as a promising alternative to traditional cooling methods. These systems harness the sun's energy to power air conditioners, offering a greener and potentially more cost-effective way to stay cool.

Are solar-powered air conditioners more energy efficient?

For complete off-the-grid air conditioning, there are solar-only systems. These are more energy-efficient but don't offer the same flexibility as hybrid systems. Though solar-powered central air conditioners exist, most solar ACs are mini splits. Mini splits differ from central ACs because they don't require ductwork to operate.

Nominal voltage (V):12.8  
Nominal capacity (ah):6  
Rated energy (Wh):76.8  
Maximum charging voltage (V):14.6  
Maximum charging current (A):10  
Floating charge voltage (V):13.6~13.8  
Maximum continuous discharge current (A):10  
Maximum peak discharge current @10 seconds (A):20  
Maximum load power (W):100  
Discharge cut-off voltage (V):10.8  
Charging temperature (°C):0~+50  
Discharge temperature (°C):-20~+60  
Working humidity: <95% R.H (non condensing)  
Number of cycles (25 °C, 0.5C, 100% doD): >2000  
Cell combination mode: 32700-4s1p  
Terminal specification: T2 (6.3mm)  
Protection grade: IP65
