Solar powered mobile car in Aarhus Denmark

Overview

Where can I find an electric car in Copenhagen?

Our Copenhagen zone covers a large area where you can always find an available electric car or van near you. Book your electric car and drive into the city, out into nature or on holiday. In the app, you can tap Copenhagen on the map and see the available electric cars. In Aarhus, you'll find plenty of GreenMobility cars for rental.

Where can I rent a car in Aarhus?

In Aarhus, you'll find plenty of GreenMobility cars for rental. This makes it incredibly easy to both find a car to drive and park it in the City of Smiles. This way, you can easily explore large parts of Aarhus, the surrounding area, and Denmark without owning a car. In the app, you can tap Aarhus on the map and see the available electric cars.

Does GreenMobility offer carsharing in Copenhagen?

With GreenMobility, you have access to over a thousand carsharing vehicles in Copenhagen and Greater Copenhagen. Our Copenhagen zone covers a large area where you can always find an available electric car or van near you. Book your electric car and drive into the city, out into nature or on holiday.

Why should you rent a car in Copenhagen and Aarhus?

You don't have to worry about the cost of insurance, electricity, maintenance or expensive parking. When you rent a car in Copenhagen and Aarhus with GreenMobility, you drive "all-inclusive". And you can even drive around with a clear conscience because all our cars are 100% electric. The only thing you need to focus on is enjoying the ride.
