# **Solar powered portable outlet in Vancouver**

## Overview

---

What is a solar powered outdoor outlet?

A solar powered outdoor outlet is a device that allows you to charge your outdoor equipment using solar power. Through its integrated solar panel, it converts solar energy into usable electricity. This way, charging mobile devices, power lighting, and even operating small appliances without an external power source is possible.

Are portable solar panels a good idea?

If you're looking for a little backup power for your devices or just want to dabble in renewable energy, solar chargers and portable power options are the place to start. Portable solar panels let you harness the power of the sun. at least in a small way. Set one up in a sunny part of your campsite and it's easy to keep your devices powered.

Where can I find a portable power outlet?
