

BLINK SOLAR

Southern Europe Double Glass solar Module Company

Overview

Who is EU solar module manufacturing company?

The EU solar module manufacturing company that delivers novel products to solar market. Our development and flexible OEM manufacturing capabilities allow us to create one-of-a-kind design, custom-shaped and sized solar solutions for seamless integration for BIPV projects and IntegratedPV products worldwide.

What is solid bifacial framed glass-glass solar module?

SOLID Bifacial Framed glass-glass solar module offers enhanced structural integrity, making it perfect for carports and other robust installations. This glass-glass, transparent module with a 3.2 mm glass and framed design ensures long-lasting performance. For a seamless look, a option is available.

Which solar module is right for You?

For those who seek both high efficiency and a sleek appearance, the framed glass-glass solar module SOLID Blackstar is the ideal choice. This full-black module features 2 mm glass, a black aluminum frame, and a black covering, making it a perfect fit for traditional solar power plants.

What is a black solar module?

This full-black module features 2 mm glass, a black aluminum frame, and a black covering, making it a perfect fit for traditional solar power plants. SOLID Bifacial Framed glass-glass solar module offers enhanced structural integrity, making it perfect for carports and other robust installations.
