

BLINK SOLAR

Spanish Solar Water Pump Company

Overview

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.

Who makes solar panels in Spain?

The Spanish operation of American solar manufacturer Sunpower focuses on the high-efficiency residential and commercial markets. Their Maxeon technology maintains popularity among Spanish homeowners seeking maximum energy production from limited roof space.

Is Spain a solar powerhouse?

Spain has solidified its position as Europe's solar energy powerhouse, leveraging its exceptional solar resources (averaging 2,200-2,600 kWh/m² annually) and progressive government policies.

Who are the best solar mounting solutions in Spain?

With their "Do it right the first time" philosophy and extensive product range available through components and accessories, Grace Solar has become the preferred mounting solutions partner for Spain's rapidly expanding solar market. 4. Repsol Renovables
