Tariffs on solar glass

Applications

Electric motorcycle

Electric Forklift

Electric Boat

Golf Cart

RV

Audio Equipment

Solar Street Light

Household Energy Storage

Energy Storage System

Overview

How will the dgtr impose tariffs on solar glass?

The proposal suggests a five-year duty structure, following an investigation launched in February 2023. Unlike traditional tariff measures, the DGTR has introduced a reference rate system to regulate the landed value of solar glass imports. Under this system, authorities will impose duties only when import prices drop below the reference threshold.

Does India impose antidumping duty on solar glass imports from China?

India's Ministry of Finance has imposed an antidumping duty on solar glass imports from China in the range of \$673 to \$677 per metric ton and for imports from Vietnam at \$565 per metric ton.

How much does solar glass cost in China?

The Ministry of Finance recently imposed a provisional anti-dumping duty aiming to prevent the import of textured, tempered, coated, and uncoated solar glass imports from China below a floor price of \$677 (~₹57,000)/metric ton. Before duties, Chinese solar glass cost was in the range of ₹28,000 (~\$330)/metric ton - ₹30,000 (~\$353)/metric ton.

How are glass tariffs affecting the glass industry?

Another important distinction to make is that the internal costs, such as warehousing and handling are not directly impacted by the increased tariffs. This means that while the price of each glass unit crossing the border increases, the cost of transporting the glass to a warehouse or into production lines remains unchanged.

Tariffs on solar glass

Rapid implementation of NZIA should be used to abolish import tariffs

We are facing an absurd situation. To protect the very small European solar glass industry, the EU Commission introduced import tariffs on solar glass many years ago. These ...

The Impact of the New U.S. Tariffs on the Glass Industry

New tariffs raise important questions about how the glass industry will adapt and change. Throughout this time Global Package ...
