# **Tunisia EK12v50A solar container lithium battery with inverter**

## Overview

---

What is Ek solar energy's environmental health and safety policy?

**Environmental Health and Safety Policy.** Ensure environmentally friendly, safe and humanized product design. EK Solar Energy's energy storage products include solar energy storage systems, energy storage batteries and intelligent energy management solutions.

Who is Ek solar energy?

EK SOLAR ENERGY's Comprehensive Smart Battery Energy Storage System (Smart BESS) Offerings We Group stands at the forefront of Smart Battery Energy Storage Systems (Smart BESS), offering a comprehensive range of products and services catering to diverse sectors.

Can a solar inverter be used with a lithium battery?

Integrating a solar inverter with a lithium battery can take your renewable energy setup to the next level. This combination allows for better energy storage, improved efficiency, and greater resilience during power outages. LiFePO4 batteries are particularly well-suited for solar applications because their thermal stability and long cycle life.

Who are smart battery energy storage systems?

We Group stands at the forefront of Smart Battery Energy Storage Systems (Smart BESS), offering a comprehensive range of products and services catering to diverse sectors. Our industrial and commercial BESS solutions encompass a wide array of capacities, designed to power large-scale operations and guarantee uninterrupted energy supply.
