

BLINK SOLAR

Ukrainian solar glass manufacturer

Overview

Is glass made in Ukraine?

Currently, glass is not produced in Ukraine, and the country's economy is completely dependent on products that are imported from Europe and Russia. Agromat is carrying out the project together with an American technical partner, where 600-700 people will participate in the construction.

What will novasklo do for Ukraine?

NovaSklo will be the first plant in Ukraine capable of meeting demand while delivering products to international quality standards. Our facility will unlock the full growth potential of the country's glass industry. Our partners are global leaders in production line design, energy-efficient technologies, and workforce training.

Who is Orion glass?

Orion Glass is a group of high-tech enterprises with a number of modern factories. Leading positions in the Ukrainian market are ensured not only by product quality, but also by a high level of interaction with customers. There are representative offices in different parts of the country, including in Kiev, Zaporozhye, Cherkassy, Shpole.
