Vatican Communications solar Base Station Construction Project

Overview

Will the Vatican transition to solar energy in 2024?

Nearly one year has passed since Pope Francis revealed his plan for the Vatican state to transition to solar energy as its main power source, as outlined in the 2024 motu proprio *Fratello Sole*, or “Brother Sun.”.

Why did Pope Leo XIV visit the Vatican Radio station?

Pope Leo XIV visited the Vatican’s radio transmitter station in Santa Maria di Galeria, Italy, on Thursday and thanked staff for their dedicated work in communicating the Church’s mission around the world.

How will the Vatican's new energy system work?

According to the Vatican’s press office, the installation will apply the most advanced solutions currently available, balancing clean energy generation with the preservation of agricultural use, the region’s hydrogeological stability, and the protection of its cultural and archaeological heritage (ZENIT News / Rome, 08.01.2025).-.

Where is Vatican Radio located?

The site of the future installation is no ordinary patch of land. Since 1957, it has hosted Vatican Radio’s shortwave transmission center, on extraterritorial land granted to the Holy See under agreements with the Italian government.
